

Home State Health, Ambetter from Home State Health, Wellcare By Allwell, and Wellcare Musculoskeletal Management Program Provider Education Webinars

In keeping with our commitment of promoting continuous quality improvement for services provided to Home State Health, Ambetter from Home State Health, Wellcare By Allwell, and Wellcare (collectively referred to as the Health Plan) members, effective March 1, 2024, the Health Plan has entered into an agreement with Evolent, formerly National Imaging Associates, Inc. (NIA)* to implement a Musculoskeletal (MSK) Management Program. This program includes prior authorization for non-emergent **MSK procedures including inpatient and outpatient hip, knee, shoulder, lumbar and cervical spine surgeries**. This decision is consistent with industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services.

The Health Plan and Evolent welcome providers to attend an upcoming provider education webinar on the Evolent MSK Management Program prior authorization process. There will be several one-hour long webinar sessions that will take place on the following dates. You will only need to attend one of these educational sessions.

Thursday, February 22, 2024,

12:00 pm CST

Register at the following address:

All Health Plan approved training/education materials are posted on the Evolent website, www.RadMD.com. For new users to access these web-based documents, a RadMD account ID and password must be created.

To get started, simply go to www.RadMD.com, click the New User button, select “Physician’s office that orders procedures” and submit a “RadMD Application for New Account.” Once the application has been processed and a password link delivered by Evolent via e-mail, you will then be invited to create a new password. Links to the approved training/education documents will be among the RadMD Menu Options available after logging into the website.
