Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. This information is not a promise that every doctor will always have the access that you may need. If you have a disability, you should call the doctor's office to talk about your access needs.

Accessibility Requirements:

All Criteria Met: if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas:
Parking, Exterior Building, Interior Building, and Programmatic Access.

Some Criteria Met: if the provider does not meet 1 or more of the CEs.

No Criteria Met: if provider reports having no disability access for all of the CEs.

Pending: if there is no data to support any of the 4 main areas.

Indicator	Definition	Criteria
P	Parking	Parking spaces and van-accessible space(s), are accessible. Curbs to on-site parking, public transportation, and the side walk at the site entrance have curb ramps.
EB	Exterior Building	There is an accessible ramp to the building. Curb ramps and other ramps to the building are wide enough for a wheelchair/scooter. There are handrails on both sides of the ramp. Doors are wide enough for wheelchair/scooter to enter and the doors have handles that are easily opened.
IB	Interior Building	Doors are wide enough for a wheelchair/scooter and have handles that are easily opened. There are interior ramps that have handrails. If an elevator is present, it must be free for public use. The elevator has easy-to-hear sounds and Braille buttons within reach. The elevator is large enough for a wheelchair/scooter to turn around. The restroom is accessible, has doors wide enough for wheelchair/scooter and are easy to open. Offices have accessible equipment and clear for space where the equipment is for side transfers by wheelchair or scooter users. Lift equipment exists when needed. If office has a chair lift, it can be used without help.
PA	Programmatic Access	Programmatic access includes, but is not limited to: accessible communication and materials in other formats given in a timely manner, staff help with follow-up visit planning, and other disability-related support (people with disabilities who cannot wait in waiting room are seen right away).
~	Rx	This pharmacy can provide an extended day supply.
+	New patients	Physician is currently accepting new patients.
#	Existing only	Physician is currently accepting existing patients only.
*	No patients	Physician is not currently accepting patients at this time.
	Bus route	Provider indicated this location is on bus route.

Show Me Healthy Kids cannot guarantee the accuracy of provider self-reported disability access information as it has not been verified by the health plan through an in-person Accessibility Site Review (ASR). Members are encouraged to contact the provider in advance to ask about disability access, and to contact the health plan immediately if the self-reported information is not accurate.
