

Upcoming Self-Measured Blood Pressure (SMBP) Monitoring Webinar

The MO HealthNet Division (MHD) is hosting a one-hour webinar to educate prescribers and Durable Medical Equipment (DME) providers about the Self-Measured Blood Pressure (SMBP) Monitoring coverage effective for dates of service on or after February 1, 2025. These services are covered when prescribed by a physician or a health care professional with prescribing authority. Prescriptions for SMBP-validated monitoring devices must be made to participating DME providers and must include a request for an appropriately sized cuff. For eligibility and limitation information, refer to [MO HealthNet Bulletin 47-46](#).

Webinar Details & Registration:

Date: August 26, 2026

Time: 10:00 am – 11:00 am
