Missouri Medicaid – Dental Outpatient Facility Use

Effective immediately, dental providers who utilize outpatient medical facilities (hospitals or ambulatory surgical centers) that are **in network** with Home State Health will **not** be required to submit outpatient facility authorization forms to Centene Dental Services with their dental service authorizations. Claims billed by in network facilities to Home State Health will **not** require prior authorization for dental services.

Out-of-network facilities will still require authorization. To check if your desired facility is in network, ask your facility, visit Home State Health’s website at www.homestatehealth.com under *Find a Healthcare Provider*, or call 1-855-694-4663. Dental providers are encouraged to use facilities in network with Home State Health. For out of network (OON) facilities, please submit the Home State Health or Show Me Healthy Kids Outpatient Authorization form with a note in your dental authorization indicating “OON Facility Request” so your request can be routed to the appropriate teams at Home State Health. Outpatient Forms are available on our website at www.centenedental.com under *For Providers* → *Provider Resources*.

Please Note:

- Dental professional services that require authorization with Centene Dental Services must still be submitted by the rendering dental provider, regardless of place of service. Dental professionals should continue to submit their dental service claims to Centene Dental Services.
- D9999 and D7999 are no longer covered outpatient dental service codes for Missouri Medicaid. Facilities should refer to Home State Health Provider Services to make sure they are billing appropriately when dental providers use their facilities.

Please be sure to verify member eligibility and benefits prior to rendering services by logging onto the Provider Web Portal or calling Customer Service at the number listed below.

As always, thank you for being our partner in serving Home State Health and Show Me Healthy Kids members. If you have questions, please call our Customer Service team at **855-434-9240**.
