## Important Information on Referral Requirement

**Effective September 1, 2019, Allwell from Home State Health will no longer require an active referral from the Primary Care Practitioner (PCP) for Home State Health's Medicare members prior to seeing an in-network specialist.** In-network specialists' claims submitted with a date of service September 1, 2019 or after will not require a referral in order to be paid. If you have a referral in process/pending, and the date of service is September 1st or after, you will not receive a referral authorization as it is no longer required.
