TELEHEALTH. 24/7. *The doctor will see you now.*

TeleHealth is a great tool for patients and their care team to connect to in-network providers for non-emergency health issues via phone or video.

Home State Health offers anytime, anywhere medical attention to you at no cost and without the wait.

Get medical help for health issues such as:

It is more important now than ever for you to stay connected to your doctors and healthcare team, even while sheltering at home or practicing social distancing.

Your doctor or healthcare provider can order you screening tests or immunizations via telehealth, but you would need to complete those in person when you and your doctor feel it is safe to do so.

TELEHEALTH SHOULD NOT BE USED FOR:

- Life or death emergencies
- Situations when your healthcare provider needs to complete a physical exam.
