

The Treatment of Opioid Use Disorder

Blended Course - 4 hours online/4 hours live

Register today for a FREE training

Home State Health and Centene Advanced Behavioral Health are sponsoring a **FREE** training for providers to qualify for the waiver to prescribe buprenorphine. This training will be conducted by the American Society of Addiction Medicine (ASAM).^{*} This course covers all medications and treatments for opioid use disorder, and provides 8 hours of required education needed to obtain the waiver to prescribe buprenorphine in an office-based setting. The first four hours are completed online in the ASAM e-LC followed by four hours of live learning in a classroom setting.

WHO SHOULD PARTICIPATE?

- ✓ Physicians, Nurse Practitioners, Physician Assistants, Certified Nurse Midwives, Certified Registered Nurse Anesthetists, and Clinical Nurse Specialists who wish to obtain a waiver to prescribe buprenorphine in an office-based setting for opioid use disorder.
- ✓ Clinicians and healthcare team members working with providers who prescribe buprenorphine in an office-based setting to treat opioid use disorder.

YOU WILL LEARN HOW TO:

- ✓ Assess patients for the full spectrum of harmful opioid use including misuse and use disorder.
- ✓ Summarize the clinical pharmacology, efficacy and safety of methadone, buprenorphine and naltrexone in treating opioid use disorder.
- ✓ Identify and assess patients who are appropriate for treatment with medications for an opioid use disorder in an office-based setting.
- ✓ Describe procedures for initiating, stabilizing, maintaining, monitoring and modifying treatment of patients on buprenorphine or naltrexone.
