Upcoming PaySpan Provider Portal Webinars

Home State Health and PaySpan Health offer an innovative solution for Electronic Funds Transfers (EFTs) and Electronic Remittance Advices (ERAs). Using this free service, providers can take advantage of EFTs and ERAs to settle claims electronically, without making an investment in expensive EDI software. Following a fast online enrollment, you will be able to receive ERAs and import the information directly into your Practice Management or Patient Accounting System, eliminating the need to key remittance data off of paper advices. PaySpan Health can rapidly transition you into the world of electronic payments and automated reconciliation, greatly reducing your paper work. PaySpan Health offers providers a complete solution for claim payment management. Using PaySpan Health, you can route EFTs to the bank account(s) of your choice, manage multiple payers, choose how you want to receive remittance details, easily re-associate payments with claims, and take advantage of claim and remittance retrieval and reporting.

PaySpan is offering provider portal training webinars to assist with registering and navigating the PaySpan system.
