

Thank you for your continued partnership with Home State Health. As you know, we continually review and update our clinical, payment and utilization policies to ensure that they are designed to comply with industry standards while delivering the best patient experience to our members. We are writing today to inform you that the below policies are being added, revised or otherwise changed. Home State Health will be implementing these changes effective January 1, 2021.

| Number | Name | Policy Addition, Revision or Change | Products |
|-----------|---|--|-------------------------------------|
| CC.PP.061 | Non-Obstetrical and Obstetrical Transabdominal and Transvaginal Ultrasounds | <u>New Policy:</u> this policy includes a multi-procedure reduction for transvaginal and 1st-trimester abdominal ultrasound performed on the same day. The transvaginal ultrasound would be paid at 100% and the abdominal ultrasound will be reduced by 50%. | MARKETPLACE MEDICAID MEDICARE |
| CC.PP.067 | Renal Hemodialysis | <u>New Policy:</u> Hemodialysis will be denied in excess of three units or visits during any calendar week. | MARKETPLACE MEDICAID MEDICARE |
| CC.PP.068 | Multiple Procedure Payment Reduction (MPPR) for Therapeutic Services | <u>New Policy:</u> When multiple (two or more) 'always therapy' procedures with an MPI of 5 are performed by the same provider, or by providers within the same group practice, on the same day, the policy will allow 100% of the maximum allowance for the therapeutic procedure with the highest cost per unit and 90% of the allowance for each subsequent therapeutic procedure. | MARKETPLACE MEDICAID MEDICARE |
| CC.PP.069 | MPPR for Ophthalmology | <u>New Policy:</u> When multiple (two or more) diagnostic ophthalmology procedures with an MPI of 7 are performed by the same provider, on the same patient, on the same day, the policy will allow 100% of the maximum allowance for the first diagnostic procedure with the highest cost per unit and 80% of the allowance for each subsequent diagnostic ophthalmology procedure unless the modifier -26 is present. | MARKETPLACE MEDICAID MEDICARE |
| CP.MP.121 | Homocysteine Testing | <u>Policy Change:</u> During the 2020 annual review it was determined to make this policy <i>significantly</i> more restrictive than it has previously been approved. Changed borderline B12 deficiency and idiopathic VTE/thromboembolism indications from medically necessary to investigational. Removed from the list of ICD-10 codes supporting coverage criteria: D51.0-D51.9, E53.8, I26.01-I26.99, I81, I82.0-I82.91, Z86.711, Z86.718. | MARKETPLACE MEDICAID |
| CP.MP.124 | Attention Deficit Hyperactivity Disorder (ADHD) Assessment and Treatment | <u>Policy Change:</u> During our 2020 annual review, it was determined to make this policy more restrictive than it has previously been. | MARKETPLACE MEDICAID MEDICARE |
