Compliance with care recommendations
(prenatal, postpartum well child, and MAT visits)

Lower emergency department (ED) and inpatient service utilization

StrongWell is a no cost program for pregnant and postpartum women who are pursuing or currently in recovery from substance misuse.

We serve pregnant women with current or past substance misuse (mild to severe):

- Tobacco
- Alcohol
- Marijuana
- Opioids
- Benzodiazepines
- Barbiturates

Our Care Teams are available by secure messaging, telephone, telehealth video calls, and in-person to help your patients achieve a healthy pregnancy and delivery.

- Inhalants
- Stimulants (Cocaine, Amphetamines, Methamphetamines)
- Prescription Medication Misuse
- Medication Assistance Treatment (MAT; suboxone, methadone)

1-888-339-9404 ext. 2
