

Provider Hot Tip

Safe Sleep Training

The Department of Social Services Children's Division initiative to decrease infant sleep related deaths has developed Part 1 of Safe Sleep Training, intended for the general public parents/caretakers, and direct service providers!

The following is the link to the training: <https://health.mo.gov/training/safesleeptest2/>. To gain successful access to the training, you will need to open the link without using Internet Explorer.

The Children's Division will soon begin the development of Part 2 of the Safe Sleep training, intended as an advanced education for direct service providers.
