## **CROWN ECHO Incentive Program**

### **Challenges in Rural Obstetrics for Women & Neonates**

MTN & Show-Me ECHO are offering an incentive program for CROWN ECHO participants. Below are the requirements and incentive:

#### **Incentive Requirements:**

- Must be in a rural area or primarily care for women in rural areas.
- Available for obstetricians, primary care physicians, nurse practitioners, midwives, physician assistant obstetricians, family practice providers, nurse practitioners, and physician assistants (who care for pregnant women).
- Participate in at least 8 (50%) ECHO sessions from September 2019 to May 2020.
- Present at least one de-identified case in an ECHO session.
- Complete a pre and post surveys (one survey when you register, and another in June, 2020).

#### **Incentive:**

Up to 25 approved participants will receive \$100 per session (max. of \$1600) if they meet all requirements.

- [Register for the incentive program](#) by e-mailing Wendy Hough at [houghw@health.missouri.edu](mailto:houghw@health.missouri.edu)
- Include your name, organization, address, phone, credential, specialty
- For questions regarding the incentive, e-mail Rachel Mutrux: [mutruxe@health.missouri.edu](mailto:mutruxe@health.missouri.edu)

**The CROWN ECHO mentors and supports Rural Health Care Teams that treat pregnant women by:**

- Keeping patients' care local when appropriate.
- Building relationships that empower, support, & educate rural providers, systems and care teams.
- Sharing evidence-based knowledge and system-based best practices.
- Providing a safe and nurturing forum for exchanging knowledge and sharing experiences.

**What is ECHO?**

Extension for **C**ommunity **H**ealthcare **O**utcomes is an educational program that uses videoconferencing to create multidisciplinary teams within and among academic centers and community providers.

**How does ECHO work?**

Join an online video conference twice per month for eight months. Discuss and share:

- Clinical case presentations and discussion.
- A brief educational presentation by an expert in high-risk obstetrics.
- See website for current ECHO schedules and CME information  
<https://showmeecho.org/>.

Incentive program pilot is for CROWN ECHO only, not other ECHO projects. Incentive will be paid at the conclusion of the ECHO session, June, 2020.
