

Did you know your health plan offers coverage for a breast pump?

Home State Health and Show Me Healthy Kids offers several breast pump options to meet your needs.

Am I eligible for a breast pump?

- Pregnant members nearing their delivery date may qualify to receive a breast pump.
- Eligibility must be active with the health plan at the time of the request and at the time the pump is shipped.
- A provider authorization will be needed for a breast pump request. Tenderheart will work with your provider in obtaining the necessary information needed.
- Members are eligible to receive a new breast pump with each pregnancy, but no more than once every 2 years.

We are here to help with any questions you may have. To learn more about additional benefits you might be eligible for, please contact our Care Management team.

When will I receive my breast pump?

- Members can order their pump at any time during their pregnancy. The pump will ship about 30 days before your due date.
- Breast pumps cannot be sent to a P.O. Box.
- If your baby arrives early and you need your pump sooner, please contact Tenderheart or your care manager to ship the breast pump to you right away.
