MANAGED BY HOME STATE HEALTH

# Show Me Healthy Kids Quick Reference Guide

# Who We Are

## Show Me Healthy Kids

---

MANAGED BY HOME STATE HEALTH

**Longstanding and Trusted Partner.** Home State has been a longstanding and trusted state partner serving Medicaid beneficiaries across Missouri since 2012. Built on our vision to ***transform the health of our community, one person at a time***, Home State delivers coordinated, holistic, integrated, and high-quality services to Medicaid beneficiaries across the state.

Home State brings together Missouri safety net providers and local health plan operations to ensure that the crucial safety net is preserved and access to care is achieved. As a convener, collaborator, and catalyst, Home State continuously strives to improve health outcomes, remove social determinants of health (SDOH), reduce health disparities, and advance health equity for all Medicaid members and families in the communities in which we live, work, and serve.

### ***The new program provides:***

- A collaborative approach to serving this vulnerable population by working with the Children's Division to ensure coordination of care for enrollees and involve the child's parents, caregivers, health care providers and social workers.
- Contracted providers with access and technology to securely share medical information.
- Access to clinical experts and training to support providers caring for children who have experienced trauma, abuse, and neglect.
- Smooth health care transitions as children and youth move from home to foster care, between placements, hospitals, or other institutional settings.

# Where We Are

## Show Me Healthy Kids

MANAGED BY HOME STATE HEALTH

Show Me Healthy Kids has local representation, local support, and local resources. Today, we have extensive Care Management (CM) staff who are locally based in Missouri and have in-depth experience and expertise serving children, youth, and young adults impacted by the child welfare system. The SMHK CM staffing model is based on a high-touch approach and includes region allocated SMHK CM teams available to provide face-to-face support and coordination with other entities, providers, and systems of care involved in the care of children and their families.

# Care Management Process

## Show Me Healthy Kids

MANAGED BY HOME STATE HEALTH

- Our Care Management team will serve as the hub for housing information, assistance for navigating the benefit, and providing direct support to members, families, providers, CD, DYS, LCCCPs, Health Homes, and community agencies
- We will perform outreach to 100% of members enrolled in SMHK while concurrently working with the various agencies to gather each member's story and information to best identify the support we can provide
- Our hub team consists of Care Managers (nurses and social workers), Care Coordinators, Community Health Service Representatives, Foster Care Liaisons, Health Coaches and Hospital Transition Coordinators
- Our hubs will be located across the state to provide support at the local level
- We will have a direct line to contact our teams including after-hours

# Benefits

- The benefits are the same MoHealthNet Medicaid benefits the member previously had along with extra programs and assistance that Home State Health designed specifically for members served by the Show Me Healthy Kids Health Plan.
- For information about specific covered services, please use this tool located on the Home State Health website:
  - <https://www.homestatehealth.com/providers/pre-auth-needed/medicaid-pre-auth.html>
